

heatilator®

*The first name in fireplaces*

# Caliber Series

Direct Vent Gas Fireplace

# Caliber Series

traditional style  
**proven value**

The Caliber Series delivers bold fires and impressive heating power with multiple placement options. The Caliber comes standard with a deep firebox, black metal refractory and efficient performance. The Caliber nXt upgrades the experience with a textured fiber interior, greater heat output, a standard fan to evenly distribute the heat and the RC300 remote control. Create your unique look by pairing designer front and finish options, and define your space with traditional style, proven value and a beautiful roaring fire.

## Caliber Features

- 36" or 42" viewing area
- Choose from three fronts with two finishing options for a unique look<sup>1</sup>
- Standard black metal interior panels

## Caliber nXt Features

- 36" or 42" viewing area
- Choose from three fronts with two finishing options for a unique look<sup>1</sup>
- Upgraded fiber interior panels
- Standard RC300 remote
- Standard fan kit

## Options

### Interior Panels

Black Metal Interior Panels  
(standard on Caliber)

Traditional Interior Panels

Herringbone Interior Panels  
(Caliber nXt only)

### Fronts<sup>1</sup>

Simon<sup>2</sup>

Craftsman

Contour

### Front Finishes

Black

Bronze

### Controls

#### IntelliFire Plus RC300

Thermostat mode, timer mode, room temperature readout, two additional auxiliary functions, wall docking station, pilot activation, automatic battery backup, 5-step flame height, child lock, fan speed, on/off

#### IntelliFire Plus RC200

Pilot activation, battery strength indicator, automatic battery backup, 5-step flame height, child lock, fan speed, on/off

#### IntelliFire Plus RC100

Battery strength indicator, automatic battery backup, on/off

### Additional Options Not Pictured

- Fan Kit
- Heat-Zone™ Kit
- Gas Conversion Kits
- Mantels and Surrounds

### Venting

- Direct Vent: DVP pipe and SLP pipe

**IntelliFire™ Plus Ignition System** The IntelliFire Plus ignition system (IPI Plus) is an advanced intermittent pilot ignition system with memory settings and a programmable wireless control. IPI Plus constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs. To learn more, visit [heattilator.com](http://heattilator.com).

**Direct Vent Technology** Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality. To learn more, visit [heattilator.com](http://heattilator.com).

**Cover:** Caliber nXt shown with Contour front in bronze, standard traditional interior panels and custom shelf mantel

**Left:** Caliber shown with Simon front in black, black metal interior panels, Steel Gray granite surround and Roxborough mantel

1: Front is required to complete fireplace

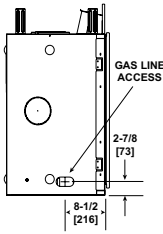

2: Simon available in black only
